

Factiva

The screenshot shows the Factiva search interface. At the top, there is a navigation bar with the Factiva logo, a search input field, and links for 'Track', 'News Pages', and 'Companies/Markets'. The main search area includes a 'Free Text' search box, a 'Date' filter set to 'In the last 3 months', and a 'Select Sources and Factiva Intelligent Indexing TM' section with a table of filters. The table lists filters for Source, Company, Subject, Industry, Region, Language, and Look up, with 'Language' set to 'English'. Below the table, there are 'More Options' for 'Search for free-text terms in' (set to 'Full Article'), 'Exclude' (with checkboxes for 'Republished news', 'Recurring pricing and market data', and 'Obituaries, sports, calendars...'), and 'Sort results by' (set to 'Publication date, most recent first'). At the bottom, there are buttons for 'Clear Search', 'Save Search', and 'Run Search'.

| Currently Selected | |
|--------------------|----------------|
| Source | All Sources |
| Company | All Companies |
| Subject | All Subjects |
| Industry | All Industries |
| Region | All Regions |
| Language | English |
| Look up | |

Subject: Business and Economics, Politics, Social Sciences,

Summary: Factiva provides full text access to global news and business information from more than 8000 international sources, including the Australian newspapers such as the Sydney Morning Herald, the Australian, and the Australian Financial Review.

Coverage: International

What you get: You can conduct a single search on any topic across a content set of nearly 9000 sources from 18 countries in 22 languages; also includes 4000 key web sites and company reports.

The **Companies/Markets** tab enables you to conduct Quick Search on a specific publicly listed company and provides a corporate overview, key executives, financial data, press releases, and a list of competitors.

Access: From the Library home page (<http://www.lib.adfa.edu.au>)
➤ Click on the **CrossSearch** button, enter your user ID and password and click on the letter **F**.

From within **CrossSearch**
➤ Select **Find Database**
➤ Type in <**Factiva**>

Search Hints:

and - use peas **and** potatoes to find articles which contain both search terms - peas and potatoes

or – use peas **or** potatoes to find articles which contain either search term - peas or potatoes

not – use peas **not** potatoes to find articles which contain peas but do not contain potatoes

Carrots **and** (peas **or** potatoes) to find articles which contain carrots and also contain either peas or potatoes

? - replaces one letter in a word:
organi?ation will retrieve organization and organisation

* - use the asterisk to find words with multiple endings:
Telecom*retrieves articles with Telecom,
telecommunications, etc

Near - helps you find certain words near another word:
software **near3** license retrieves articles with software no more than three words before or after license.
